MADO

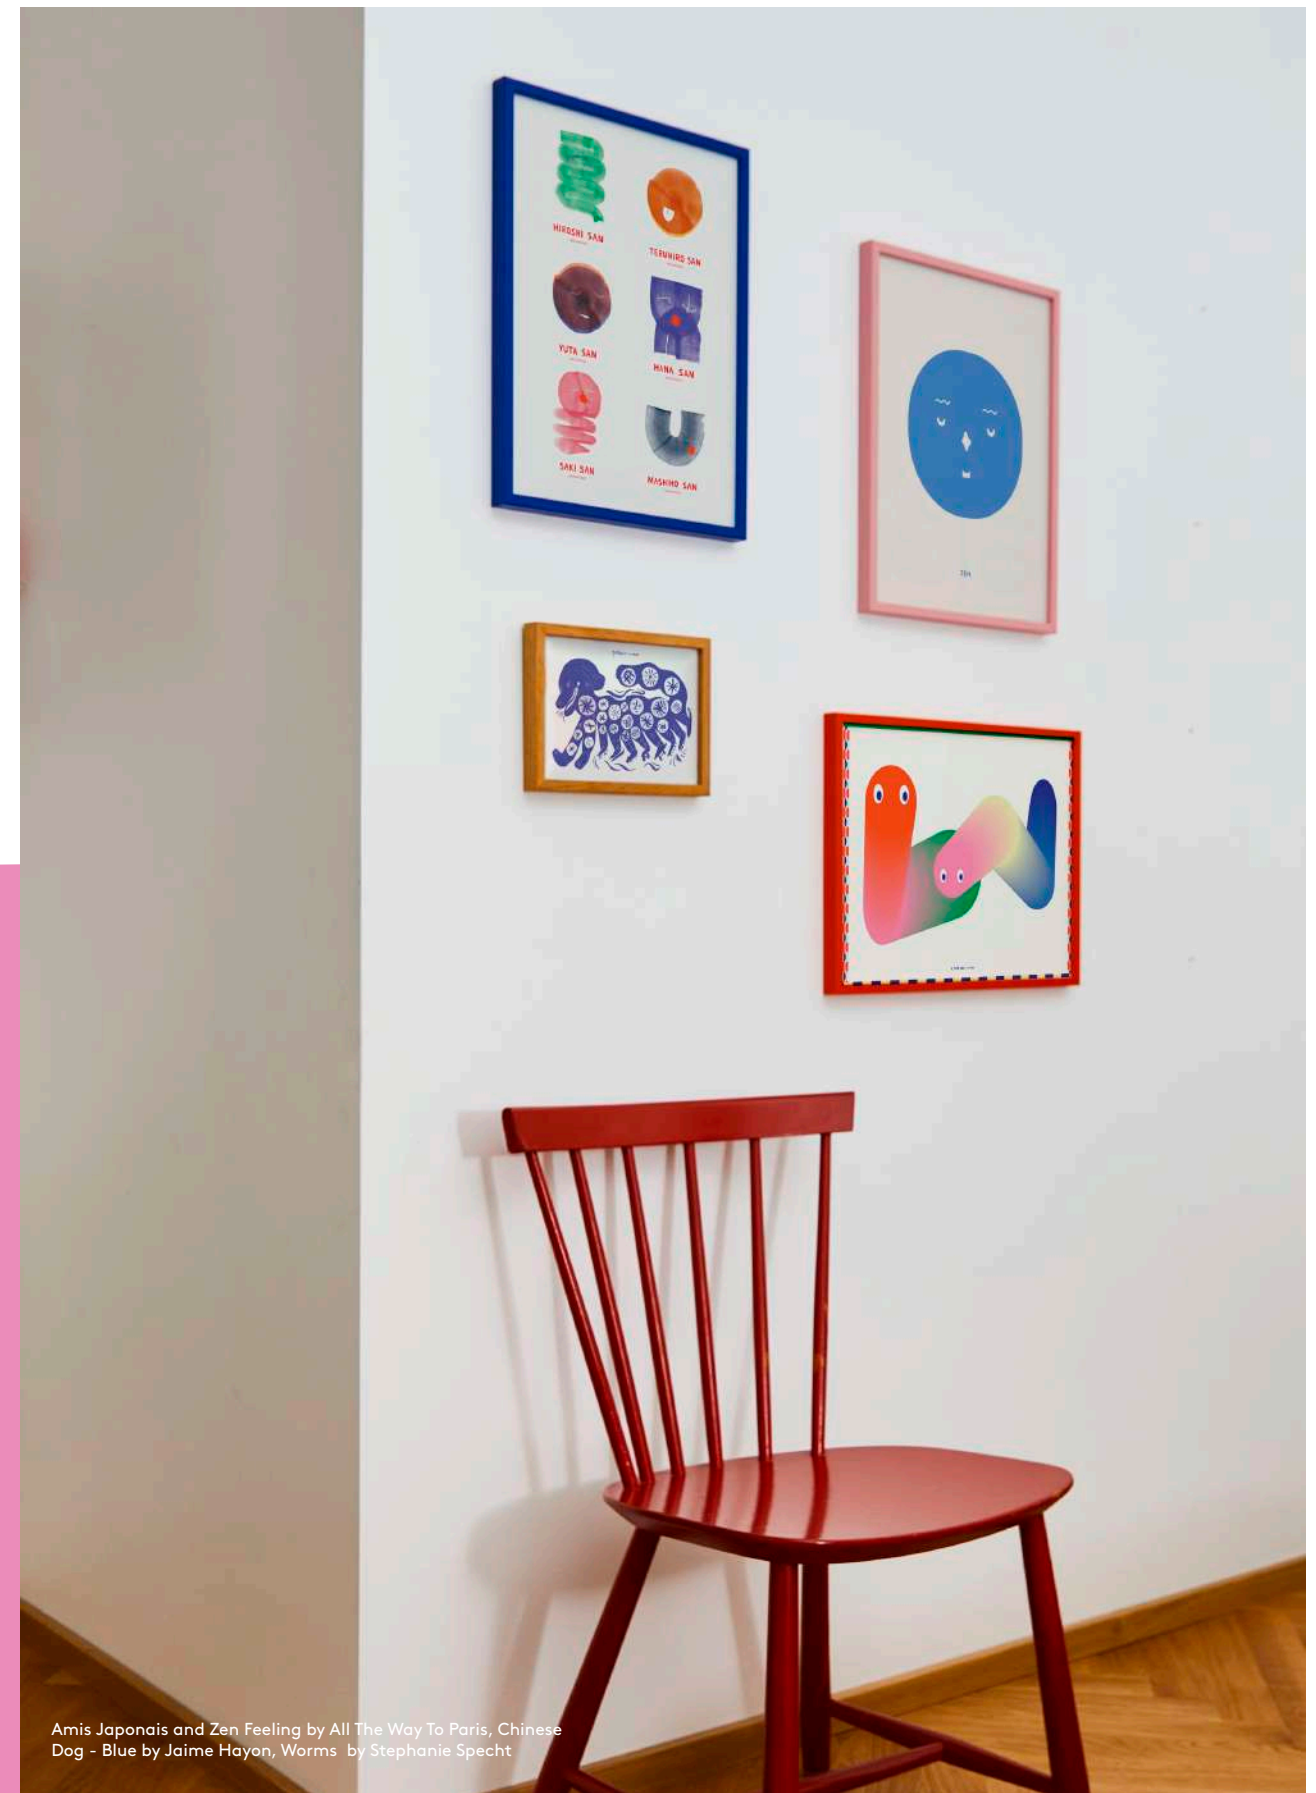

by Paper Collective

MADO is art for the whole family.

MADO by Paper Collective brings together people of all ages through artworks and products that create an environment that is fun and inspiring, educational and loving. Our name MADO is Japanese for window, and we want our designs to act as a window to the world, for children big and small. A window provides insight, outlook and can be a portal in which your next adventure awaits.

Play, Live, Dare and Love with MADO.
